

What's New at N E S S ?

Fall kick-off to NESS!

It's no sea-cret that the 2016 school year started with a bang as students return and join us for a variety of NESS afterschool adventure programs at BDJMS! So far this year, 6th, 7th, and 8th graders have enjoyed the weather **sailing** at Green's Harbor and **kayaking, snorkeling,** and **fly fishing** at Ocean Beach Park. Please remember that all students must continue to bring closed-toed shoes and dress in layers as the fall continues!

Sailabrating October in Stonington

October brings the change of leaves and a change of scenery as our adventures head east to NESS Stonington! Students have the opportunity to put their skills to the test on 23-foot Sonar sailboats in Stonington Harbor.

As fall turns to winter, we will transition to our heated indoor space at Ocean Beach Park to design and perform **water quality testing** experiments, **dissect sea critters**, and **explore** more about the ocean we've been sailing on!
